Re: Humanitarian Award

Dear Ed,

I was surprised, and humbled, today as I opened my mail to find the Humanitarian Award from your fine organization. As I stated on the phone, it's easy to write a check to a charitable organization. The real heroes are people like you who put in the time and effort into running organizations like Recovery Agents Benefit Fund. Thank you for thinking of us in regards to this award and, more importantly, thank you for all the hard work you and your committee continue to put into this benefit fund on a daily basis.

Sincerely,

Kevin McGivern
