Congratulations to **Mr. Michael Hayes of Hayes Auto Recovery in Chesapeake, Virginia**. He was the lucky winner of the Dynamic Slide In Unit donated by Anthony Gentile and [Dynamic Towing Equipment and Manufacturing](#). This year's drawing was held at the Baltimore Tow Show, presented by American Towman Expo and we would like to thank both Dynamic and American Towman for their support!

Michael entered the drawing when he purchased 1 lucky raffle ticket and his number was drawn on Saturday (11/19/16) afternoon. Hayes owns a repossession company out of Chesapeake, Virginia and he was happy to support the work of the Recovery Agents Benefit Fund and excited to win this year's raffle!

The Recovery Agents Benefit Fund has disbursed over \$52,000 in 2016 and over \$330,000 to date. Eleven (11) families have needed the assistance of the fund so far this year and the year is not over yet.

Without [Dynamic's](#) generous donation of a slide in unit each year, the RABF would not be able to help as many families as we do. Valued at over \$10,000 the donated unit raises thousands of dollars annually that contribute to the RABF, providing financial help to families affected by the dangers of the repossession industry and the unfortunate circumstances that may prevent those in the industry from being able to plan for unexpected circumstance that can arise and devastate a family.

The remaining 4% goes to administrative costs to maintain the funds like state filing fees, shipping & printing costs, and credit card provider processing fees.
